

Turner Hardy & Co. is the result of 15 years of lively banter fuelled by Eddie Turner and Hugo Hardman's love of proper foods and fine drinks, which was always exaggerated by not really giving two hoots about being able to keep up with their neighbours. After a poor quality Virgin Mary served to Hugo, an idea was born to create their own proper tomato juices.

This innovative brand has a range of three terrific tomato concoctions - Lively, Feisty, and Pure. Squeezed from fresh Isle of Wight tomatoes that are hand-picked in small batches, this tomato juice can properly be described as 'straight from the vine'. This freshness gives a truly flavoursome base, which is then properly spiced to create the most sublime drinks.
