Sage London Dry Gin GF Ve V

Their first gin and proud winner of an IWSC Gold Award in 2017, One Sage Gin is a bold, distinctive, savoury gin abundant with fresh sage, juniper and citrus, copper distilled into a wonderfully smooth aromatic spirit. It is building a following among gin connoisseurs and is a favourite of the Bar Manager at Claridge's, where it is served as a naked dry martini with a twist. Pour a large measure of One Gin over ice, topped up with a premium tonic water, and garnish with a twist of orange zest

Sage & Apple London Dry Gin GF Ve V

An orchard fresh twist on the original, this gin is the perfect balance of juniper, fresh sage and crisp russet apple. Tapping into the current trend for flavoured gins, but without creating an overly sweet gin, we use the oil from the pip of the russet apple to deliver crisp apple freshness distilled as a London Dry. Pour a large measure of One Gin over ice, topped up with a premium tonic water, and garnish with fresh slices of apple and a sage leaf or two.
